

Processing Payments without Updating your Browser

To protect your credit card information, new security procedures have been enacted. In order to process payments online you must update your internet browser to the most current version. If you are unable or unwilling to update your browser, you may pay these fees on-site. If unable or unwilling to update your browser and would still like to pre-pay your activity or symposia fee, please follow the procedure below.

To Pay a Committee Activity Fee:

- 1) Register for the committee meeting you would like to attend without adding the fee on the ASTM website.
- 2) Once you've completed registering for the meeting, please contact ASTM's Accounting Department to process the fee payment. You can reach the ASTM Accounting Representative at 610-832-9761. Please let the ASTM Representative know that you cannot process payment due to your browser, the meeting you are attending, and which committee fee you are paying for.

To Register and Pay for Symposia or Workshop:

Please contact ASTM's Accounting Department to process the fee payment. You can reach the ASTM Accounting Representative at 610-832-9761. Please let the ASTM Representative know that you cannot process payment due to your browser, the symposia you are attending, and whether you are a member, non-member, student, or speaker.

From here the Accounting representative will contact the symposia department to finish your registration for this symposium or workshop.

Please let us know if you have any further questions.

For Meetings please contact meetings@astm.org

For Symposia please contact symposia@astm.org
